RE: Fusion Lighting (FCC ET Dkt. No. 98-42)

Dear Mr. Mahn:

This letter is written on behalf of L/Q Licensee, Inc. ("LQL"), Globalstar, L.P., and AirTouch Communications, Inc., with respect to your letter of April 13, 1999, to Mitchell Lazarus of Fletcher, Heald & Hildreth, P.L.C. Your letter purports to register the objections of your client, Fusion Lighting, to "deceitful tactics" allegedly employed by "Bluetooth et al." in connection with ongoing negotiations between Fusion and certain parties. These negotiations are intended to develop a consensus proposal between Fusion and certain industry groups on rules and policies governing microwave lights operating in the 2.4 GHz band, currently under review by the Federal Communications Commission ("FCC") in ET Docket No. 98-42.

First, we take this opportunity to remind you that Mr. Lazarus does not represent LQL, Globalstar or AirTouch. These three companies have filed pleadings in ET Docket No. 98-42 separately from Bluetooth and other Part 15 interests, raising issues specific to the Mobile-Satellite Service Above 1 GHz. If you have any concerns regarding LQL, Globalstar and AirTouch, you should communicate directly with the undersigned.

LQL, Globalstar and AirTouch became involved in the industry negotiations for this proceeding in February 1999 after a meeting with the FCC's Office of Engineering & Technology staff. Obviously, many of the incidents mentioned in your letter to Mr. Lazarus predated our involvement. While you have not specifically ascribed any of the alleged conduct to LQL, Globalstar, AirTouch, we point out that it is inaccurate to make blanket allegations against "Bluetooth et al." that might be inferred to include LQL, Globalstar and AirTouch.

Finally, OET expressed a strong interest to us in seeing the concerned parties work through the issues in ET Docket No. 98-42 among themselves, and we are willing to work toward that goal.

Very truly yours,
